

Fasanya Favour Oluwaseun

Product Designer/ Web Designer

+2349031328853 · favourseun24@gmail.com · Ibadan, Oyo State · <https://favour-portfolio-xi.vercel.app/>

PROFESSIONAL SUMMARY

Innovative UI/UX Designer specializing in user-centered product design with expertise spanning digital interface creation, web design, and visual design. Proficient in leveraging Figma, WordPress, and Adobe Photoshop, alongside a strong technical foundation in HTML and CSS, to transform user research findings into seamless, accessible digital experiences. Also an experienced design tutor with strong collaboration, mentoring, and communication skills, passionate about delivering intuitive and accessible user experiences. I have demonstrated capability in user research methodologies, rapid prototyping and wireframing, combining design expertise with a deep understanding of front-end development to bridge the gap between design and implementation.

SOFT SKILLS

Team Leadership & Mentorship	Attention to details	Critical Thinking
Strategic Problem Solving	Excellent Communication & listening	Cross-functional Collaboration
Time Management	Process Improvement	Mentoring and knowledge sharing.

TECHNICAL SKILLS

- **Design & Prototyping:** Expert-level proficiency in **Figma** for UI/UX design , high-fidelity prototyping , and building scalable **design systems** to ensure cross-platform consistency.
- **Web Development:** Strong technical foundation in **HTML5** for semantic web structure and **CSS3** for advanced styling, including **Flexbox**, **CSS Grid**, and media queries for responsive design.
- **Content Management:** Expertise in **WordPress** development, including theme customization, plugin management , and the creation of dynamic, user-friendly websites.
- **Visual & Graphic Design:** Proficient in **Adobe Photoshop** for branding, typography, and creating visually compelling layouts for both digital and print media.
- **UX Research & Strategy:** Experienced in conducting **user research**, **competitive analysis**, and **usability testing** to translate business requirements into intuitive, human-first designs.

- **Product Lifecycle:** Comprehensive understanding of the end-to-end design process, including **wireframing**, **low-to-high fidelity mockups**, and **Agile** development workflows.
 - **Feedback & Iteration.**
-

PROFESSIONAL EXPERIENCE

Design Tutor (UI/UX, Graphic Design & Web Design)

SQL College of ICT | Osogbo, Osun State

2024 – 2025

- Deliver comprehensive training in **UI/UX Design, WordPress Development, and Front-End Development (HTML & CSS)** to diverse student groups.
- Mentor students through the end-to-end product design lifecycle, resulting in a **90% student satisfaction rate** and improved internship readiness.
- Instruct students on building responsive web architectures using **HTML5 and CSS3**, emphasizing **Flexbox, Grid**, and mobile-first design.
- Facilitate interactive workshops on **Design Thinking, User Research, and Prototyping** to ensure practical mastery of industry tools.
- Collaborate with academic leads to modernize curriculum content, ensuring alignment with current global design and web development trends.

Product Design Intern | SQL College of ICT | Osogbo, Osun

2024

- Conducted **User Research, Competitive Analysis, and Usability Testing** to inform data-driven design decisions and enhance user satisfaction.
- Developed low-to-high fidelity **wireframes and interactive prototypes** for web and mobile platforms using **Figma**.
- Contributed to an **Agile development team**, participating in daily stand-ups and sprint reviews to translate business goals into intuitive designs.
- Managed and scaled **Design Systems**, ensuring visual and functional consistency across UI components, typography, and branding.
- Presented design iterations to stakeholders and senior designers, incorporating feedback to refine product usability.
- Delivered engaging hands-on sessions and interactive workshops.

NOTABLE WORKS

- **Real Merch E-commerce:** Designed a high-converting e-commerce platform , focusing on a seamless user journey from product discovery to secure checkout using Figma.
- **Thesis Archive System:** Architected a digital repository for students to document and access academic research, prioritizing accessibility and organized information architecture for complex data sets.
- **Electricity Payment Platform:** Optimized the user flow for digital utility transactions, reducing friction in the payment process through iterative prototyping and user-centered design.
- **Olubi Construction & Wossade Reality:** Designed and developed professional web identities for construction firms, utilizing **HTML and CSS** to create responsive, grid-based layouts that showcase project portfolios.
- **SaferCliq AI:** Designed the UI/UX for a WhatsApp-integrated AI assistant, allowing hotel guests to lodge complaints and requests through an intuitive conversational interface.
- **Sabingo UX Research:** Conducted an in-depth UX research case study on a **Pidgin English** learning application , utilizing user interviews and competitive analysis to bridge language learning gaps.
- **Personal & Client Portfolio Websites | Web Project:** Designed and developed multiple portfolio websites to showcase creative and professional work.

EDUCATION

National Youth Service Corps (NYSC) Federal Republic of Nigeria	2023
B.A. English and Literary Studies University of Ilorin, Kwara State	2018 - 2022
Professional Diploma in Product Design SQI College of ICT, Abeokuta, Ogun State	2023

ACHIEVEMENTS & VOLUNTEER EXPERIENCE

Intro to UI Design with Figma Geneza School of Design.	2023
UI/UX Design Program DigiGirls / Selar.	2023
